# Model T Winter Clinic

## Greetings Model T Friends!!!

Attached is detail information for the upcoming Model T Winter Clinic to be held at the McPherson College, in McPherson, Kansas, on Saturday, January 21, 2023. Entry fee is \$10. The first 100 paid entrants will receive a FREE \$5 Gift Certificate from Lang's Old Car Parts.

We are excited to announce our keynote speaker this year will be Steve Lang from Lang's Old Car Parts, a major Model T parts supplier for our vehicles. We are looking forward to hearing from someone who contributes so much to our hobby. He will share some insight into the field of reproduction parts for our Model T and TT's.

The second presentation will be by Mike Vaughn, Technical Editor for *The Vintage Ford*, and Dave Nolting, who manufactures new Model T & TT transmission drums through his company Dave's Restoration & Machine. They are going to talk about Model T & TT transmission balancing.

The final presentation of the day will be by local father/daughter Model T enthusiasts, Kimberly and Verne Shirk. They will present on tips for restoring Model T emergency brakes and adjusting for a "free neutral".

The theme of this year's Special Display Table at the Saturday Clinic will be "Accessory Radiator Ornaments". If you have some you would like to display, please feel free to do so.

A couple of more things about the Clinic. Information about Accommodations can be found on the Clinic Flyer. There will be a Hospitality Room at the Host Motel. It will be opened from 5 PM to 10 PM on Friday, January 20, but it will be closed during the time of the "No Host" Dinner.
